

## Remote Access to Library Databases

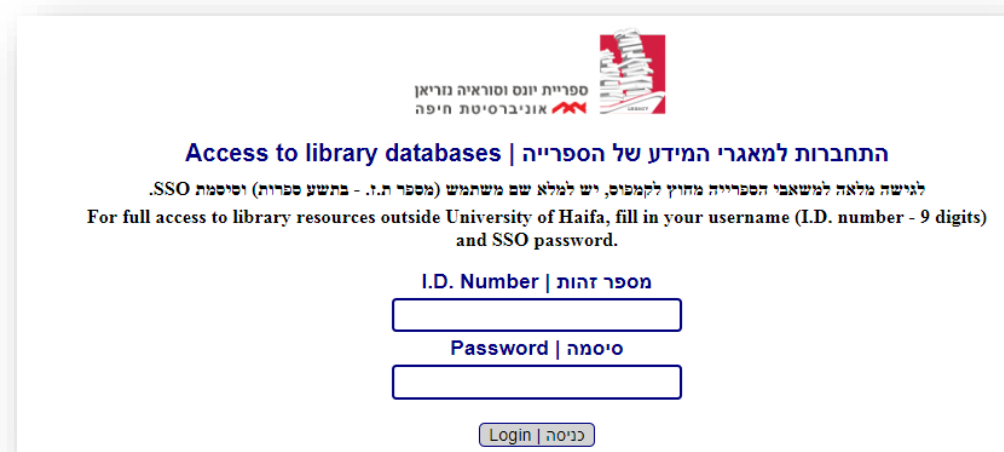

To remotely access the library databases while off campus, enter the library home page at <http://lib.haifa.ac.il> and click on the **Remote Access** icon:

On the following screen click on **Access to library databases**:

Now use your **SSO credentials** and click on **Login**: your **username** is your ID number (9 digits) and your **password** is your portal \ moodle password:

Once you complete this process you should be able to access all library databases.

To reset your SSO password click [here](#)
